## CLARKE FILES DEFENSE IN THE FAMOUS HAWES' ACTION

In Statement of Defense He Denies in To the Allegations in the Statement of Claim for \$250,000 Damages

### DENIES J. K. CORNWALL IS TO RECEIVE \$100,000

Action May Possibly Be Tried At Next Sittings of Supreme Court In Edmonton, Nov. 18.

F. D. Bayley, solicitor for William Clarke, president of the Alberta and Great Waterways railway, filed a statement of defense in the Supreme Court this afternoon in the suit brought by the Athabasca Railway company against John Edward W. R. Clarke, of Kansas; J. K. Cornwall of Edmonton; Geo. D. Minty, of Winnipeg; the Canada West Construction Co. Limited; the Athabasca Railway Co.; and the Athabasca and Great Waterways railway company. The plaintiff claims a one-eighth interest in the Athabasca railway, which is owned by the Canada West Construction Company and the Alberta and Great Waterways company, or in the same proportion.

In his statement of defense the defendant Clarke denies practically all the allegations made by the Hawes' claimant, who places the burden of proof on the plaintiff. The action may be tried at the next sittings of the Supreme Court in Edmonton, although the plaintiff's lawyer, in reason of their desire to enter a reply in the cause, has requested a adjournment of the trial of the case until the December sittings.

In his statement of defense the defendant Clarke denies all knowledge of any arrangement between himself and the Athabasca railway syndicate, of which the defendants Cornwall and Minty, and Hawes, were members. He also denies that he was present in the Canadian Rockies or in the Athabasca and Great Waterways company.

He states that the defendant Minty, was a partner of his by him in connection with the procuring of the charter for the Athabasca and Great Waterways railway, and that the guarantee of the bonds by him, the government of Alberta, but that he had no knowledge of the fact that the Minty brothers were connected with the Athabasca and Great Waterways company.

He denies that he received the assistance of the defendant Cornwall in any of the matters mentioned in the statement of claim. In the fall of 1908, the defendants Cornwall, Minty and himself were engaged in the presentation of a bill in the Legislature which procured a renewal of the option in favor of A. L. Brown, of Dec. 1st, 1898, for the purchase of the Athabasca and Great Waterways company's shares.

**Cornwall Not Interested.**  
He denies that he ever procured all the rights of the Athabasca and Great Waterways railway syndicate, although he is the only man in the world who is ever properly organized, or ever had any right.

He denies that the defendant Cornwall was ever present in the A. & G. W. R. He further denies he received information from the defendants, Minty or Cornwall, for cut in the financial arrangements for the railway upon the lines communicated by the plaintiff, and he is not responsible for the Athabasca and Great Waterways railway, but the plaintiff had no right to sue him.

The legal claims involved in the suit are that the defendant Cornwall is not entitled to receive any amount of money in respect of the payment of the bonds of the A. G. & W. R. and that he has no right to any dealing between the plaintiff and the Canada West Construction Company, or in respect of the Great Waterways Company and the plaintiff, entitling the latter to one-sixth interest in both companies.

**Didn't Make a Bill.**  
The Times' London correspondent says—  
Premier Bayley fired the first gun in the political cannon on Saturday in Edmonton. The former member of the Progressive party, who was associated with his shooting.

Emergency is not over, however, as about 160 members of the British Party show symptoms of a desire to cast off the shackles of the Conservative party.

The most recent and largest number are clamoring for a lightning program. They want Mr. Bayley to call a session of Parliament in the shape of an emergency to repudiate the lockout of 134,000 operatives, was given work in another form, and one week later, the men who had been working had a million dollars in wages and depleted the union fund by \$20,000.

#### LAWGIVER IN REGINA.

**Regina Passes Money Bills.**  
Regina, Oct. 15.—The legislature today on a three-hour session, passed the railway \$100,000, and the Agricultural association grant of \$15,000, both of which will margin the vote, however, being comparatively small.

The members of St. Andrew's Society are requested to attend the funeral of the Rev. Robert Brown, from Cumming and McMillin's, whose taking parson, at 1:30 o'clock on Sunday afternoon.

Rev. Dr. J. Kirby, of Calgary, will preach at the anniversary services in the Methodist church in Strathcona tomorrow.

#### LIEUTENANT GOVERNOR BULYEA WILL BE AGAIN SWORN IN ON MONDAY.

His Honor Lieutenant Governor Bayley will be sworn in on Monday at Government House by Bishop Boudreault, clerk of the Privy Council, who has been summoned from Ottawa, Ontario, to administer the oaths of office to the newly-appointed Lieutenant Governors of Saskatchewan and Alberta. The ceremony on Monday will not be marked by any display. Mr. Bayley, who is to be succeeded by Mr. George E. Brown, successor to Hon. A. E. Forget, in Regina yesterday. Lieutenant Governor Bayley will arrive in the city tonight from his summer residence at Princeville, B.C. The hour set for the formal administering of the oath has not been announced.

#### CONFERENCE OF PARTIES IS REGARDED AS FAILURE

This is the Expected Outcome of Party Conference in Great Britain—But Will Still Kick On the Constitutional Aspect of the Louis' Case—Mr. Baldwin's Opening "Gun" and Its Reported Effects—Declared to Have Been Disputing.

New York, Oct. 14.—The London correspondent of The Tribune cables:

"While the Unions have not received much inspiration from Mr. Bayley, they expect a decisive lead when the failure of the conference now goes into effect. It is to be expected that the ministers will be attacked on posting against the constitutional order, undermining the double chamber system, and destroying the safeguards against democratic license and establishing a dictatorship of the Right."

De Moines, Iowa, Oct. 14.—It was decided yesterday at a dinner of townsmen held in honor of Mr. Bayley, who insists on having a tall tail before it is voted out." The remark was made at a semi-public dinner given by the winter club in the presence of President Taft, and for that night, and for months previous, he has been a speaker at every meeting of his party. They looked for a hot fighting speech carrying war into the campaign, but instead he considered that the ethics of situation, while the compromise committee was considering the House of Commons bill, would not permit him to do so.

The feeling of dissatisfaction among the Unions is the inevitable moderation of their leader's attitude at all times since the present crisis arose.

Mr. Bayley, in a position to denounce the ministries as traitors to the established order, and substituting one chamber for two bodies of governors, has been unable to do so.

The Right is not yet aware that the opposition is naturally subversive, and say that they will sweep the state when the new election is held.

## SCHOOL DELEGATES TO MEET MINISTER

Representative Men From Different School Boards of Province to Meet Hon. C. C. Mitchell Today—Proposed to be Submitted Discussed Last Night.

A delegation representative of the more important school boards of the province will wait upon the Hon. C. C. Mitchell, Minister of Education, to urge upon him, in his capacity as Minister of Education, certain amendments to the education act which members of the delegation will be asked to present to the minister. D. Austin, of the Lethbridge board; G. D. Williams, of Medicine Hat school board; F. V. P. of the Fort Saskatchewan school board; Bob Ritchie, of the Beaumont school board; G. A. McRae, president of the Alberta collegiate institute; P. E. Butchart, chairman of the Edmonton school board; Mr. J. McCaig, of the Lacombe A. T. Cushing, members of the Edmonton school board, and J. McCaig, superintendent of the Beaumont school. The representative of the Calgary school board was unable to be present.

**Discuss Proposal.**

At a meeting held last evening in the office of the Edmonton school trustees, the various school boards mentioned were discussed in detail. It was decided that the matter to be brought forward to the minister in his capacity as Minister of Education, was the desirability of adopting measures to ensure the compulsory attendance of all children. The department will be requested to make provision for the appointment of a committee to consider this matter under the direction of the board. A bill was drafted, embodying the proposal, to be submitted to the minister by W. H. Clark.

The proposal, it was agreed, that the city police force might be appointed for the purpose was thoroughly discussed. The opinion was expressed that the proposal was not practicable, and those present that the trustee officer should be a plain citizen official and directly responsible to the school board.

It would be a mistake, remarked Mr. Clark, to give the children the impression that they are being run by the police.

"We do not want to give them any other impression than that they are here for protection, not for prosecution."

**Grants to High Schools.**

A plan for increasing grants to high schools and the extension of the same from three years to five years was presented by Superintendent McCaig. The date of this latter request will be noted by the trustees, who are involved in the present curriculum, but at the extension of the time at present, there will be a general view to securing greater efficiency.

The department will also be petitioned to recommend grants to high schools, manual training, domestic science, physical training and kindergarten classes. The amount of the contribution in this matter will be presented by O. D. Austin of Lethbridge.

In view of the fact that the school debtors might be appreciable if the city boards were amalgamated, it was decided that the minister with the municipality, in issuing their debtors at the same time and in the same manner, would be of great assistance.

The precise terms of the proposal to be submitted to the minister, however, will not be determined at a special meeting to be held on Friday.

This matter will be presented by J. P. Power of Wetaskiwin, and A. T. Cushing of the Edmonton school board.

**Appointment of Auditor.**

It was also decided that power should be given to the minister to appoint each its own auditor for the purpose of making the annual audit. Under the present system, the auditor for the school board is the auditor of the municipality. Instances were mentioned of cases where the examinations of the board with the city authorities, the author of the municipal audit, had been act and the author of the books of the board had been neglected.

Plans to expropriate lands for school purposes will also be asked for.

The suggestion that the membership of the school boards should be increased occasioned considerable discussion, and it was decided to petition the government to increase the dependence on behalf of these boards for persons to serve on them, numbers from five to seven. To this it is probable that a request will be addressed to the minister to have a sliding scale allowing a further increase of the membership as required by the needs of the community. This suggestion will be presented to the minister by Bob Ritchie, chairman of the Beaumont school board.

P. E. Butchart and W. H. Clark will endeavor to impress the minister with the importance of giving the school board the power to appoint a medical health officer and will also ask for the appointment of the officer of superintendence of schools.

**GOLF CLUB HALL.**

The annual ball given by the Edmonton Golf club last evening in the Cecil Hotel was one of the most interesting and the most enjoyable functions of the season. The spacious hall of the hotel, which was entirely re-decorated, received the guests with the requirements of such social gatherings well throughout a gay company, which included the golfers, their wives and the wives of the members. The golfers, after a hearty evening, left the hall at last past a perfect in their pleasure. All united in congratulating the hostess on the possible for the arrangements which contributed so largely to its success.

Mrs. Night, Mrs. Steele, Mrs. Pardee, Mrs. McFaul, Mrs. Palmer and Mrs. Blomquist.

The committee in charge of the arrangements, which included J. A. Anderson, Mr. Bell, Dr. Cobett, Frank Somerville and A. P. Chastell. The secretary was E. L. Ferris.

## BUILDING IN AUGUST IN CANADIAN CITIES

Building Returns Show Brick Activity  
Substantial Advances Noted in  
Eleven Out of Twenty-four Im-  
portant Cities. Average Gain for  
August, 24 Per Cent.

Building operations throughout the Dominion still remain strikingly brisk, with little or no signs of a depression, the authorities in the main noting the cost of new work was never more promising. August would be the summer season in a manner development which has continued throughout since the beginning of the year. Perhaps the most striking feature of the centres reporting to "Construction," \$6,527,984, as against \$5,799,360 in July, is the fact that the average gives an average of 24 per cent., a gain which can be taken as being fairly representative of the market.

While all sections fared exceedingly well, the West in particular, showed a decided improvement. One of the chief reasons of Vancouver's loss of 11 per cent., which burrows little from the spending total, is due to the fact that there is not a solitary break in the record. Saskatchewan has an increase of 22 per cent., while the West in particular, shows a marked increase of 10 per cent. Manitoba stands at 11 per cent., giving the highest per cent. recorded for the month. Alberta, while showing a slight decrease of 11 per cent., has registered the highest amount (\$1,712,000) for the month. Quebec, however, does not exhibit comparative figures, but the amount which place closest to the record is 24 per cent.

In Quebec the condition seems to

be clearly indicated by the figures of Montreal, which show a rise in the value of new work of 22 per cent., the current value of buildings \$1,392,917, and the increased note 22 per cent. It is evident that the market is in a very active condition in this case, that other cities in the province also made substantial gains.

Port Arthur and Johnsyne gain of 22 per cent. and 17 per cent. respectively; although the former is 24 per cent., the

Regina also shows a very gratifying

total, although the gain 5 per cent., is not nearly as pronounced.

**SPORTING NEWS****IN WORLD'S SERIES HONORS ARE EVEN**

**Victory, Hinges on Pitchers—Athletic Look To Have Best Heavers But Cub Pitchers May Come Back in Championship Games.**

On Monday the first game for the premium honors in the baseball world will be contested at Philadelphia between Chancy's Chicago Cub National League champions and Connex Mack's Athletics American League title holders.

On the basis of past experience, the Chicago team would naturally enter a series of this kind a strong favorite, but certain conditions have arisen that make the outcome rather dubious.

The dominant factor in a short schedule of games such as this is undoubtedly the fact that the players are men, once one twirler has decided the issue.

This happened in 1905 when Christy Mathewson's brilliant work for the New York Giants put away the Philadelphia team in four games. Last year it was the unexpected achievement of young Babe Adams that gave Pittsburgh the premier title over Detroit.

Chance has had more or less trouble with his twirlers ever since, the last dependence being when Eddie Overall, Pirie, and Cobb were in their best form when the big series is on. If the pitchers are working right, the Cubs should win, for otherwise they have nothing to fear.

Ever's absence will break up that famous infidel combination of Tinker to Evers to Chance, but a worthy sublet title for the eleventh hour is Cobb to Evers to Himes dimension. While the Cubs are as good as any team, and even depend on the base, Zim is a heavier hitter and one of those long distance clouts of his is liable to break up a game at any time.

Mack has undoubtedly a brilliant pitching corps. Cobb is the best, but he is not the only right hand to be considered the best double header with him in the same game. While, big as he is, Evers is a crafty on the base, Zim is a heavier hitter and one of those long distance clouts of his is liable to break up a game at any time.

Two of the best leaders in the business about they work entirely different, and so do the two managers. Connie Mack, though where is he now? a baseball general in the land, is little in the way of a leader. Eddie Overall, he directs the team from the bench; he just sits there.

Tinker, on the other hand, is in the heat of the fray. He has well earned the title of the peerless leader, as he is probably the best fielder, fast bat, as well as working good player, holding down first base in finished style, while the home of his home is always a terror to the terror.

Yes, it promises to be a great series of games, and so a betting proposition. It looks like a long run.

**BETTING IS LIGHT.**

Chicago, Oct. 14.—Betting on the world's series in this city is slow, at least as far as last night. The odds are still the same, the big plunger always waiting for the odds to shift to even money.

For the last two days the odds before the title scrap starts in order to get a better line on the odds are the same.

That the odds are too long for the plunger with a big roll on the "cubes" is the opinion of the experts.

The injury to Evers and the uncertainty of the Athletics' Zimmerman's ability to fill the gap caused by the Trojan's return seems to have scared the monied admirers of Chance and his warriors.

Even money, that the Cubs come in the lead.

Even money, that the Cubs steal more bases than the Ath-

letics. And even money, that the Athletics will score more runs than the Cubs.

## FORGET RETIRES AFTER 12 YEARS

Lieut. Governor Brown Takes Oath  
as Governor of Province of  
Saskatchewan

**Retires.** Oct. 14.—Shortly after 2:45 this afternoon, George W. Brown was sworn in as Lieutenant-Governor or Saskatchewan in succession to ex-Lieutenant-Governor Forget. The ceremony took place at Government House, the oath being administered by Bishop Daniel Bourdelle, rector of the Knox Presbyterian Church, who arrived in the city this morning from Ottawa for the purpose.

Among those present at the ceremony were the attorney general and several judges of the supreme court. Following the administering of the oath, the new Lieutenant-Governor Forget addressed a few words of congratulation to his successor.

In his speech he remarked:

"The state of the far west has always been concerned only for what, as far as he could remember, he had done for the people. He was a member of a cabinet at the time the new province was constituted. With regard to the new province, he felt it had always felt that he had acted in accordance with the desires of his constituents. His choice had been approved by a great majority of the people."

The new Lieutenant-Governor expressed his desire to do all in his power to uphold the dignity of the high office for which he had been chosen to act. He said that the new province had constitutional powers laid down for his guidance, with the good of the people of the province always before him.

An Unrehearsed Incident.

A touching unrehearsed incident in the swearing in ceremony took place at the end of the ceremony when the new Lieutenant-Governor stepped away from Government House to the east when the ex-Lieutenant-Governor himself stepped forward to leave Government House, thus signifying that though the man who had died there in the course of his twelve years in the province for the past twelve years was still there, the Lieutenant-Governor was not in residence.

Mr. George W. Brown remained at Government House some days longer, it is his intention upon leaving Edmonton to go to Fort Macleod where his son, who has just now started, has his new home.

Mr. Bourdelle left tonight for nomination where he will administer the oath to Lieutenant-Governor Forget, upon his reappointment for a second term as Lieutenant-Governor of Alberta.

**Archbishop Present.**

Archbishop Letham paid a formal visit to the ex-governor Arriving this morning and leaving tonight for Saskatoon. During the day he visited St. Mary's Seminary, where he was welcomed and he also visited the new convent. In the afternoon he visited Government House, being present at the swearing in of the new Lieutenant-

**CARUSO DISABLED.**  
Famous Singer Has an Alarming Experience During Performance.

Munich, Oct. 14.—Enrico Caruso's physician says that the singer must abandon his engagements for some time, as a consequence of last night's accident.

In this act of Caruso, he attracted much attention because he was wearing his necktie-knots, when his head came into contact with an iron rod which was being used in shifting the scenery to the next act.

The singer stepped behind the wings and waited until the curtain for the third act, through which he made his appearance, without the audience being aware of the accident.

With Heavy Full Control.

Holy Angels' pitcher states that he induced the British Government to induce Canada to give Canada full control over copyright, and Mr. Burton will introduce a bill in the Canadian Parliament repealing the British copyright act of 1912. At the same time the Hon. J. C. Abbott, Minister of Justice, will introduce another bill into the Canadian parliament requiring copyright in the same way as the U.S. does.

London, Oct. 14.—The Irish and English coast are lined today with gunboats and destroyers—many big ones have been either founded or been dashed ashore.

London, Oct. 14.—The Irish and English coast are lined today with gunboats and destroyers—many big ones have been either founded or been dashed ashore.

This is in accordance with the Berlin convention of two years ago. The Canadian bill will recognize British copyright in every country, and the British and Irish will recognize Canadian copyright in the same way, which was agreed upon. Now, however, twenty are believed to have been placed with other countries.

Settlement None too safe.

London, Oct. 14.—The Canadian standard is approaching settlement now.

With English and French names known to have been placed with other countries.

London, Oct. 14.—The Irish and English coast are lined today with gunboats and destroyers—many big ones have been either founded or been dashed ashore.

Many big vessels have either foundered or been dashed ashore, and numberless fishing smacks are missing and are believed to have sunk. Corpses are scattered along the coast in many places. Sixteen men and women are known to have perished in the foundering of the steamer *Westfield*. We think the survivors of American origin, and the names of American crewmen are the same, and Canadians are of the same origin.

PRIVATE LETTER FINDS ITS WAY INTO PRINT

Written by Hon. W. J. Hanna to Dr. Price, Minister of Education—Gave Synopsis of Convention of Hanna With Bishop Fallon.

Toronto, Oct. 14.—There has been a deal of mystery about the permanent buildings in Queen's Park since they overcame the confidential letter written from the office of the Hon. J. C. Abbott, Minister of Justice, in May, to the editor of the *Herald*, in which he was invited to print, through *Herald* newspaper, and one or two other *Irish* newspaper.

It was a letter written by Hon. W. J. Hanna to Dr. Price, minister of education, and giving a synopsis of the convention which Hanna had at Sarnia with Bishop Fallon of London. The topic was to discuss teaching in the schools of Essex county. The letter seemed to indicate that the meeting was arranged to coincide with an open session, so Jaurès in *L'Humanité* denies that this was the intention of the strikers and urges moderation on their part.

The Upper House in Great Britain was not antagonistic to the wishes of the country at large.

KILLED BY TRACTION ENGINE.

Austin, Minn., Oct. 13.—John Arthur, a prominent farmer who came from Almonte, Ont., was fatally injured when a traction engine he was operating ran over him.

Today Sir James Whitley, who was all alone refused to comment on the incident, handed out the following statement: "John H. McLean, who was invited by Rev. Father Kennedy to meet Bishop Fallon and thought it would be a good idea to call on the Minister of Education afterwards, he (Mr. Hanna) gave a letter to me, and I showed it to the Home Secretary, minister of public works. The latter placed the letter on my desk, and said, 'This is not a copy of a copy, it is a copy of a copy.' The secretary, Mr. H. C. A. Massasin, who is always out to him by a friend in Washington, D. C., told him to take it to Bishop Fallon and thought it would be a good idea to call on the Minister of Education afterwards, he (Mr. Hanna) gave a letter to me, and I showed it to the Home Secretary, minister of public works. The latter placed the letter on my desk, and said, 'This is not a copy of a copy, it is a copy of a copy.'

He was 62 years of age and was visiting relatives in the U.S. when he was killed.

C.P.R. Freight Train Collides.

Winnipeg, Oct. 14.—Two C.P.R. freight trains met up on Kildonan Avenue near the intersection of Kildonan and Medicine Hat. No injuries are reported outside of George Whistler, a boy, 12, who was struck by a wheelbarrow. A large number of cars were wrecked and the main line was tied up for several hours.
